
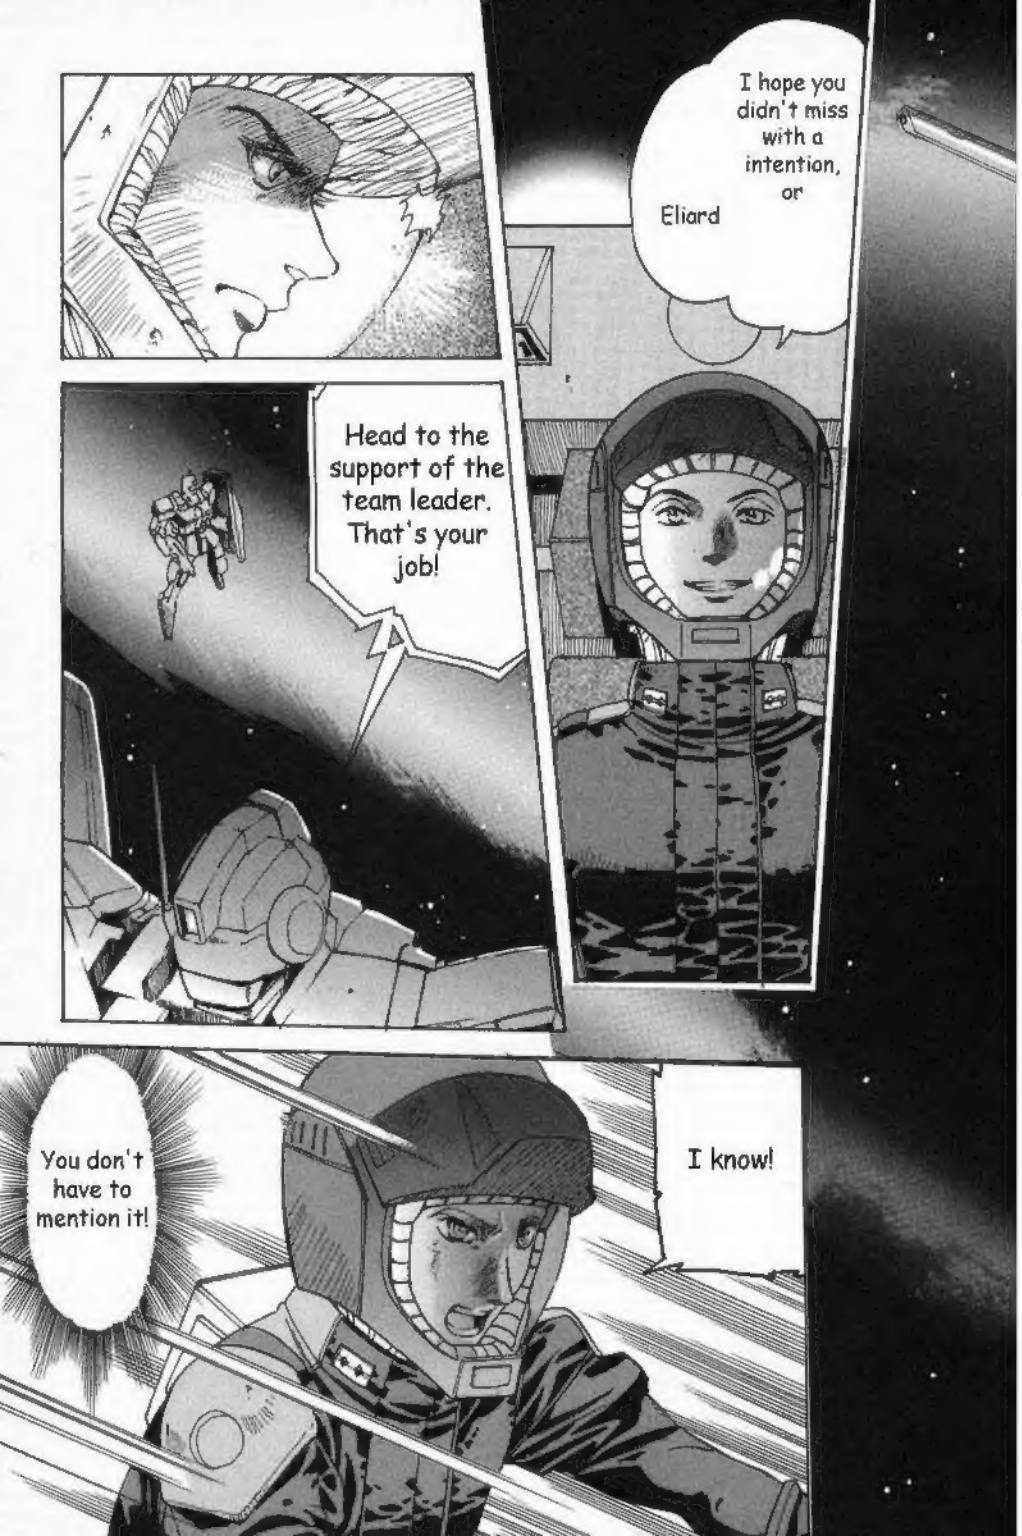
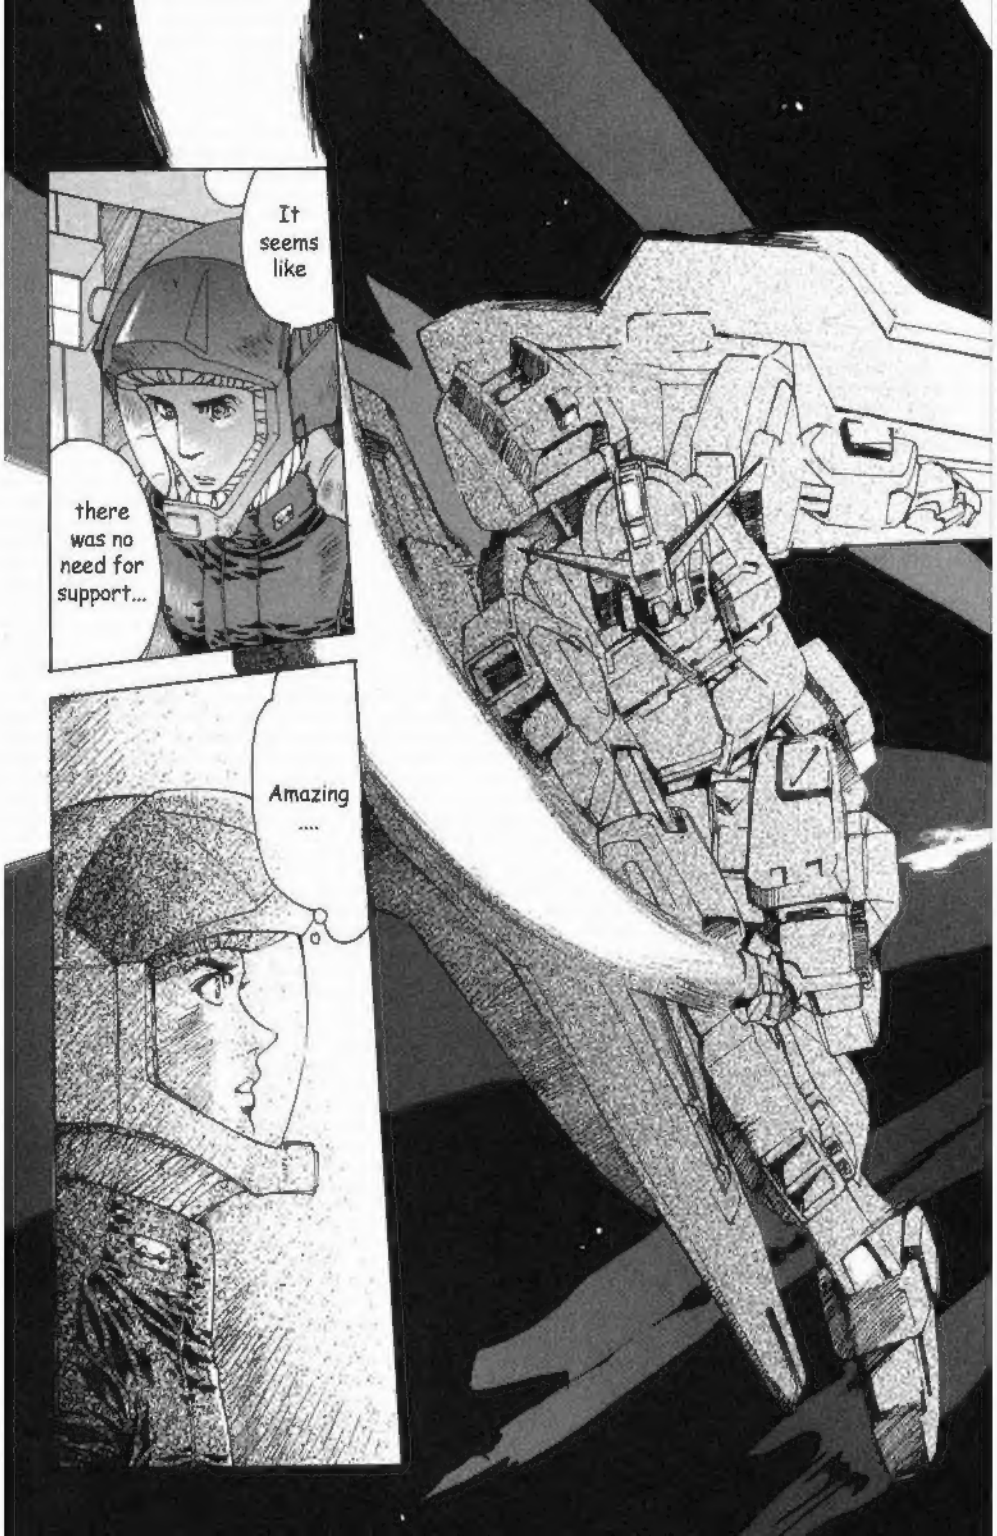
Episode3

War comrade 2



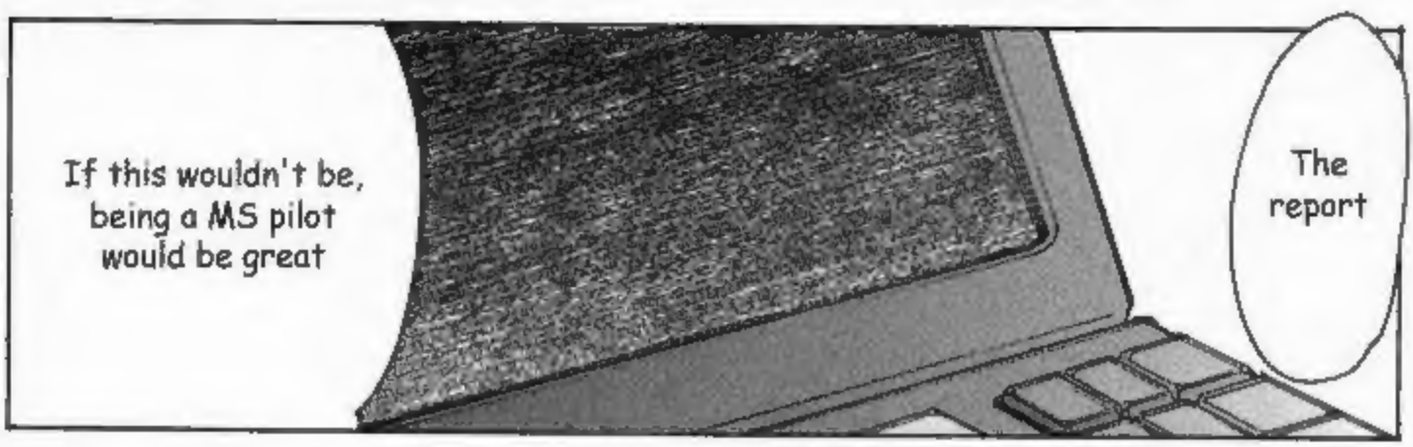
I hope you didn't miss with a intention, or
Eliard
Head to the support of the team leader. That's your job!
You don't have to mention it!
I know!

With one shot...
Hey, I made a hit



It seems like
there was no need for support...
Amazing ....

Then sum up today's report
properly, understood
Yes
Eliard! Have you heard it!?
Ye...yes



If this wouldn't be, being a MS pilot would be great
The report

Do it while you are complaining
How bothering it is

There was no need to talk in such a manner
A difference in the rank
but...

Am I
such a nasty person
I didn't ever said to thank you though he helped me
.....
OK!

The prior thing was my fault
He cared about me on his way
I won't mind, getting one or two punches!
Carl isn't here

You're wrong. I did not come here to apologize
I knew you would come
Audrey!
You voice is too big
That's easy to understand
Re...
Really...
Take them...
Here
It will at least be useful to start a talk or?

Carl is in the MS hangar
?
It's a mock up plane
Don't destroy it

SPAD S VII A major plane, used by France in WW I
Guynemer bearges Marie Ludovic Jules
The French shooting king he fought with the
German air force and shot down 54 machines

In low gravity, it gets a better balance and flies better
If you fit it to the airflow, it can even cross the hangar
It's one of my many specialties
Is it a hand made?
Carl
When we came back yesterday...
If it's a nasty story, then I won't hear it

And I have already "forgotten" it
I told you, not to hear.
I don't like such things
After all, it was my fault
For the test flight of the Spad or?
Can you imagine, why I am at such a place?
Then what stories would be OK?
Well
Wrong
I looked at the "Hazel"

Gundam...
I only knew it from the books in school and video records
I hadn't even thought of being able to fight together with one
Me too

Right, we have luck
We two are quite lucky guys
I was really surprised when I saw it the first time in the hangar
Team leader Murphy was amazing
So that's the fighting style of a veteran
What's up

I also want to thank you for the help
How can I shake hands
I'm not a kid that's embarrassing
Let's become friends again!
You don't have to
after all, we are a team!
I wouldn't mind, if it is the left hand
Here

あはは
What are you laughing
To care about such things
You're even acting more like a child!!
You can laugh alone
I'm going back!
The exit isn't that way!
what's that...
I make one round and get

Humans are such a stupid life form
... Is your head alright?
Alright, alright!

When they believe to be in the biggest group, they think that this is like an insurance,
but in this space, it is useless... Right
The TITANS born on earth
Will only stand up for the earth
